## A message from our Chairman

The camp successfully assessed 276 individuals, 97 of whom were referred for operations, while 147 were provided with spectacles. Additionally, all participants received medicine and food. This initiative has positively impacted lives by restoring vision and improving daily functionality, enhancing the quality of life for many in our community.

## Eye Donation : A Gift of sight

Eye donation is a powerful act of kindness, allowing individuals to give the gift of sight to those suffering from corneal blindness. When a person donates their eyes after passing away, the corneas can be transplanted into someone who has lost their vision, restoring their ability to see. One person's eye donation can help two individuals regain their sight, making a profound impact on their lives.

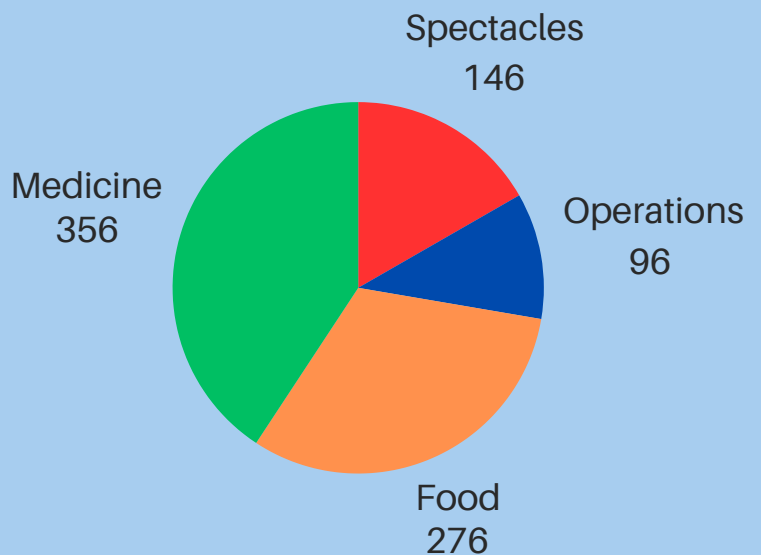

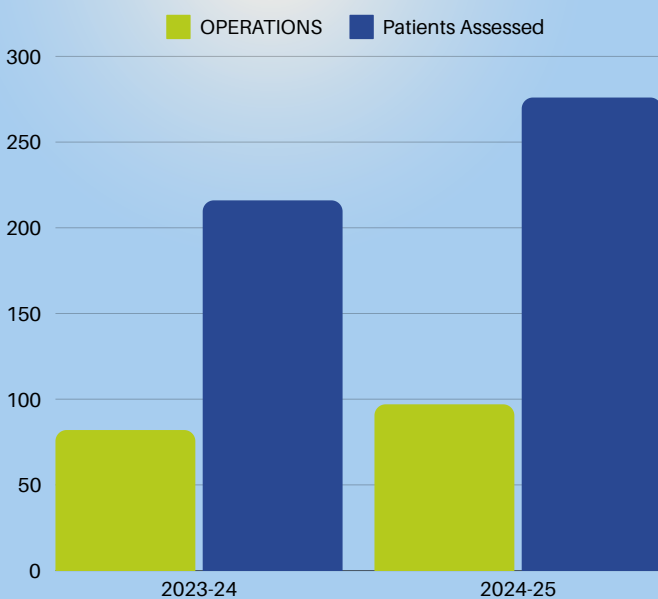

# IMPACT REPORT

**276** Patients Assessed at the Camp

**96** Patients Scheduled for Surgery

**356** Medicine Provided

**147** Vision Spectacles Provided

# THANK YOU TO ALL OUR DONORS AND VOLUNTEERS

**We couldn't have done it without your generous support .**

We extend heartfelt thanks to everyone for making the Eye Checkup and Operation Camp a great success. Your support and dedication have made a lasting impact on our community.
